About the Dataset

AUTHOR

City of Philadelphia (US Government open data portal)

KEY COLUMNS (SIMPLIFIED)

District and area identifiers, street address, dispatch date and time, crime codes and descriptions, and geographic coordinates

DATA TYPES

Text: location_block, dispatch_date, text_general_code

Integer: dc_dist, ucr_general, hour, objectid

Float: lat, lng, point_x, point_y

SIZE OF DATASET

Approximately **250,000** rows

This is well over the 100-row minimum requirement
